What Can I Recycle?

Here is what you can (and cannot) put into a Licking County Recycling public drop off bin. If you have curbside recycling in your community, please check with your waste hauler for what can or cannot be accepted.

About Licking County Recycling

Licking County Recycling is a government agency responsible for promoting and encouraging recycling to the 170,000+ residents, businesses, and industries of Licking County.

We are financially supported by the CFLP Solid Waste District (Coshocton, Fairfield, Licking, and Perry) and the Licking County Commissioners. Funding for solid waste districts throughout Ohio comes from waste disposal fees paid by waste haulers when using landfills. That money is then distributed to counties for recycling promotion.

Call us or find us online for more information on services we provide!
